

Earthwiseways provides creative experiences and challenging adventures out of doors; in the woods, on the hill, in the playground and beyond.

Earthwiseways combines creative and theatre arts with outdoor and environmental education

Earthwiseways offers creative projects for people of all ages and abilities. Our Outdoor Days suit all interests from weekly Forest School sessions in local woodlands to Wild Camps and Adventures on the hills; from Art and Games and theatre in the Woods to Orienteering and Navigation Courses.

Earthwiseways' leaders are fully qualified, and hold current First Aid Certificates. Our leaders have over 20 years of experience of leading groups in the outdoors.
